14:05							14:05
14:10							14:10
14:15							14:15
	Rick Dudley: "Parsimonious answers to difficult questions"	Alex Beregszaszi: "-Solidity & Yul"	Sajida Zouarhi: "Hell Hound"	Adam Dossa: "Modelling Securities on Ethereum - Challenges and Opportunities"	Arthur Gervais: "NOCUST – A Non-Custodial 2nd-Layer Financial Intermediary"		
		Andrej Bencic: "Invalid Opcode: Understanding the EVM through the eyes of a Solidity Stack Tracer"	Tyler Mulvihill: "These times, they are a changing: The Supply Chain Trilemma"	Corbin Page: "Security Tokens: Building an open financial system"	Vincent Danos: "off-chain techniques for real-world smart contracts"		
		Rosco Kalis: "Using events to unit test smart contracts"	Tobias Schubotz: "Gnosis Safe 2019: Recovery & dapp interaction"		COFFEE BREAK		
	Hudson Jameson: "Ethereum Governance in 2019"	COFFEE BREAK	COFFEE BREAK	Xavier Lavayssière: "From legal entities to digital ecosystem"	Henri Pihkala: "Launching Monoplasma - highly scalable, a one-to-many payments system"		
	COFFEE BREAK				Mehdi Zerouali: "Lighthouse: a security-focused Ethereum Serenity client"	WORKSHOP Shawn Tabor	
	Martin Lundfall: "-Subjectivity vs. Objectivity in decentralized systems"	Dimitrios Balas: "reclaiming ethereum 1.x updates"	Matias Nisenson: "Blockchain Gaming"	COFFEE BREAK			
		Patrick Venturoso: "Let's dig inside Ethereum Smart Contracts compiled to WebAssembly"	Marie Franville: "Lessons learned from making a Blockchain video game"	Alice Henshaw: "Towards a fully functional security token"	Angel Versetti: "The convergence of IoT and Blockchain"		
	Ben Livshits: "Growing a compelling product with the help of blockchain at Brave"	Primavera de Filippi: "In blockchain we trust(less): The rise and fall of blockchain governance"	Nicolas Julia: "How NFTs are pushing the next wave of crypto adoption"	Chris Hermida: "Stablecoin Trends"			
	Loredana Cirstea: "The Importance of Proof of Wonder"			Gustav Arentoft: "Introduction to MakerDAO"	LUNCH BREAK		
		LUNCH BREAK	LUNCH BREAK	WORKSHOP Max Stein: "How to keep track of your digital assets"	Adrian Brink: "PoS Validation: Social and Technical Attacks"	WORKSHOP Eileen Chen	
	LUNCH BREAK		Rob Dawkins: "Practical 1.0"	Lefteris Karapetsas: "The state of the Rotkehlchen asset manager in 2019"			
	Jorge Izquierdo: "Upgrading Aragon Voting infrastructure"		Vanessa Bridge: "Uncovers analysis and the impact of mining strategies"	Luc Falempin: "How on-chain identity management could help mass adoption of security tokens"	Adan Sanchez: "The Future of Blockchain Oracles — What Decentralization Really Means"		
	QJ Wang: "-ECF 2.0"	Vlad Zamfir: "Governance"		LUNCH BREAK			

14:20						14:20
14:25						14:25
14:30	ATH Schwaeden: "Circ: Rebooting a Cross-Client Proof-of-Authority Network"		WORKSHOP Aditya Asgaonkar: "Safety & Liveness in CBC Casper"	Stephane Gosselin: "ERC1400: the evolution of a family of standards"	WORKSHOP Robert Edstrom: "Maintainable infrastructure for dapp engineers"	14:30
14:35				Juan D. Mendieta: "Liquidity for the tokenized world"		14:35
14:40						14:40
14:45	Augusto Hack: "Raiden Network Update"					14:45
14:50						14:50
14:55				Mark Beylin: "Beyond EIPs: the practical realities of standardizing interoperable marketplaces"	WORKSHOP Ivo Georgiev: "Live-code payment channels in Substrate"	14:55
15:00						15:00
15:05						15:05
15:10						15:10
15:15			Amaury Martiny: "Build your DApp on a Light Client"			15:15
15:20		COFFEE BREAK		COFFEE BREAK		15:20
15:25			Philippe Honigman: "What is Ownership in a DAO? - The Tribute Network Case"			15:25
15:30	Dauriel Team: "Tokenized Securities - The future of Capital markets"					15:30
15:35						15:35
15:40		Hugh Karp: "Legally linked DAO's"				15:40
15:45						15:45
15:50						15:50
15:55						15:55
16:00			COFFEE BREAK	Tomislav Mamić: "BridgeDAO - a smart contract in the control of the physical world"	COFFEE BREAK	16:00
16:05						16:05
16:10	COFFEE BREAK					16:10
16:15		Niran Babalola: "Slate Governance for Effective Token Votes"				16:15
16:20						16:20
16:25						16:25
16:30			Matan Field: "Holographic consensus, scalable DAO"		Workshop Andrés Junge: "Self Sovereign Identity hands-on"	16:30
16:35		Lili Feyerabend: "Re-engineering holidays by building eCards on smart contracts and IPFS with ..."		Fanny Lakoubay: "What the f**ck is blockchain art?"		16:35
16:40						16:40
16:45						16:45
16:50	Axel Simon: "You Can't Commoditise Trust"	Federico Rocchi: "The evolution of the blockchain's ecosystem"				16:50
16:55						16:55
17:00			Daniel Kronovet: "Decentralized Capital Allocation via Budgeting Boxes"			17:00
17:05				CH Vanessa Grollet: "Panel on luxury and art on blockchain"		17:05
17:10						17:10
17:15						17:15
17:20						17:20
17:25		Antoine Detante: "--Blockchain & privacy: a concrete example with Parity Private Transactions"	James Pitts: "Magicians, Philosophers, and Cat Herders: Self-Organizing in a Decentralized Galaxy"			17:25
17:30	CH Mike Barrow: "Uncorking the wine world: tokenization, transparency and traceability"					17:30
17:35						17:35
17:40						17:40
17:45						17:45
17:50						17:50
17:55	Ricardo J. Mendez: "The Truth Of The Thing"	Adrian Brink: "PoS Validation: Social and Technical Attacks"	Thibault Favre: "Financing decentralized projects with a Continuous DAO"			17:55
18:00						18:00
18:05						18:05
18:10						18:10
18:15						18:15
18:20						18:20
18:25	Fauve Altman: "The Current State of DApps"		Griff Green: "The Path Towards Decentralized Governance & True Sovereignty"			18:25
18:30		Alex Gluchowski: "Solving scalability with Zero Knowledge Proofs"				18:30
18:35						18:35
18:40						18:40
18:45						18:45
18:50						18:50
18:55						18:55
19:00		Dima: "State of the iOS application development for Ethereum dapps."	Yalda Mousavinia: "The Seven Principles of Human-Work DAOs"			19:00
19:05						19:05
19:10						19:10
19:15						19:15
19:20						19:20
19:25						19:25
19:30						19:30
19:35						19:35
19:40						19:40
19:45						19:45
19:50						19:50
19:55						19:55
20:00						20:00
20:05						20:05
20:10						20:10
20:15						20:15
20:20						20:20
20:25						20:25
20:30						20:30
20:35						20:35
20:40						20:40
20:45						20:45
20:50						20:50

TBD

CLOSING
