

EthCC : ETHEREUM COMMUNITY CONFERENCES 2019												
	Scalability	dApps	Crypto Economics	Web 3.0	Zero to Hero	DAO / Governance						
	UX / UI	Ecosystem	Core Ethereum	Decentralized Finance	Security	Dev Tools						
		Gaming	Privacy	Browser & Files								
Day 2 - Wednesday, March 6th												
	Paul Painlevé	Jean-Baptiste Say	Robert Faure	abbé Grégoire	Jean Fourastié	classroom						
08:30	Registration & Coffee						08:30					
08:35							08:35					
08:40							08:40					
08:45							08:45					
08:50							08:50					
08:55							08:55					
09:00							09:00					
09:05							09:05					
09:10							09:10					
09:15							09:15					
09:20	Registration & Coffee						09:20					
09:25							09:25					
09:30							Rick Dudley: "Parsimonious answers to difficult questions"	Alex Beregszaszi: "-Solidity & Yul"	Sajida Zouarhi: "Hell Hound"	Adam Dossa: "Modelling Securities on Ethereum - Challenges and Opportunities"	Arthur Gervais: "NOCUST – A Non-Custodial 2nd-Layer Financial Intermediary"	09:30
09:35								09:35				
09:40								09:40				
09:45								09:45				
09:50								09:50				
09:55								09:55				
10:00								10:00				
10:05								10:05				
10:10	10:10											
10:15	10:15											
10:20	Rosco Kalis: "Using events to unit test smart contracts"	Andrej Bencic: "Invalid Opcode: Understanding the EVM through the eyes of a Solidity Stack Tracer"	Tyler Mulvihill: "These times, they are a changing: The Supply Chain Trilemma"	Corbin Page: "Security Tokens: Building an open financial system"	Vincent Danos: "off-chain techniques for real-world smart contracts"	10:20						
10:25		10:25										
10:30		10:30										
10:35		10:35										
10:40		10:40										
10:45		10:45										
10:50		10:50										
10:55		10:55										
11:00		11:00										
11:05		11:05										
11:10	Hudson Jameson: "Ethereum Governance in 2019"	COFFEE BREAK	Tobias Schubotz: "Gnosis Safe 2019: Recovery & dapp interaction"	Xavier Lavayssière: "From legal entities to digital ecosystem"	COFFEE BREAK	11:10						
11:15		11:15										
11:20		11:20										
11:25		11:25										
11:30		11:30										
11:35		11:35										
11:40		11:40										
11:45		11:45										
11:50		11:50										
11:55		11:55										
12:00	COFFEE BREAK	Guillaume Bolo: "evmcom ethereum 1.x update"	Matias Nisenson: "Blockchain Gaming"	COFFEE BREAK	Mehdi Zerouali : "Lighthouse: a security-focused Ethereum Serenity client"	12:00						
12:05		12:05										
12:10		12:10										
12:15		12:15										
12:20		12:20										
12:25		12:25										
12:30		12:30										
12:35		12:35										
12:40		12:40										
12:45		12:45										
12:50	Ben Livshits: "Growing a compelling product with the help of blockchain at Brave"	Patrick Verbraken: "Let's dig inside Ethereum Smart Contracts compiled to WebAssembly"	Marie Franville: "Lessons learned from making a Blockchain video game"	Alice Henshaw: "Towards a fully functional security token"	Angel Versetti: "The convergence of IoT and Blockchain"	12:50						
12:55		12:55										
13:00		13:00										
13:05		13:05										
13:10		13:10										
13:15		13:15										
13:20		13:20										
13:25		13:25										
13:30		13:30										
13:35		13:35										
13:40	Loredana Cirstea: "The Importance of Proof of Wonder"	Primavera de Filippi: "In blockchain we trust(less): The rise and fall of blockchain governance"	Nicolas Julia: "How NFTs are pushing the next wave of crypto adoption"	Chris Hermida: "Stablecoin Trends"	CH Patrick McCorry: "PISA - Accountable Third Party Watching Service for State channels"	13:40						
13:45		13:45										
13:50		13:50										
13:55		13:55										
14:00		14:00										
14:05		14:05										
14:10		14:10										
14:15		14:15										
14:20		14:20										
14:25		14:25										
14:30	COFFEE BREAK	COFFEE BREAK	LUNCH BREAK	Gustav Arentoft: "Introduction to MakerDAO"	LUNCH BREAK	14:30						
14:35		14:35										
14:40		14:40										
14:45		14:45										
14:50		14:50										
14:55		14:55										
15:00		15:00										
15:05		15:05										
15:10		15:10										
15:15		15:15										
15:20	Jorge Izquierdo: "Upgrading Aragon Voting infrastructure"	WORKSHOP Max Stein: "How to keep track of your digital assets"	Adrian Brink: "PoS Validation: Social and Technical Attacks"	WORKSHOP Dillon Chan	15:20							
15:25		15:25										
15:30		15:30										
15:35		15:35										
15:40		15:40										
15:45		15:45										
15:50		15:50										
15:55		15:55										
16:00		16:00										
16:05		16:05										
16:10	LUNCH BREAK	LUNCH BREAK	LUNCH BREAK	Luc Falempin: "How on-chain identity management could help mass adoption of security tokens"	Adan Sanchez De Pedro: "The Future of Blockchain Oracles — ..."	16:10						
16:15		16:15										
16:20		16:20										
16:25		16:25										
16:30		16:30										
16:35		16:35										
16:40		16:40										
16:45		16:45										
16:50		16:50										
16:55		16:55										
17:00	QJ Wang: "-ECF 2.0"	Vlad Zamfir: "Governance"	Rob Dawson: "Parliament 1.0"	Vanessa Bridge: "Liquidity analysis and the impact of mining strategies"	LUNCH BREAK	17:00						
17:05		17:05										
17:10		17:10										
17:15		17:15										
17:20		17:20										
17:25		17:25										
17:30		17:30										
17:35		17:35										
17:40		17:40										
17:45		17:45										

14:20						14:20
14:25						14:25
14:30	ATI Schoedon: "CIBC: Rebooting a Cross-Client Proof-of-Authority Network"		WORKSHOP Aditya Asgaonkar: "Safety & Liveness in CBC Casper"	Stephane Gosselin: "ERC1400: the evolution of a family of standards"	WORKSHOP Robert Edstrom: "Maintainable infrastructure for dapp engineers"	14:30
14:35				Juan D. Mendieta: "Liquidity for the tokenized world"		14:35
14:40						14:40
14:45						14:45
14:50	Augusto Hack: "Raiden Network Update"					14:50
14:55				Mark Beylin: "Beyond EIPs: the practical realities of standardizing interoperable marketplaces"		14:55
15:00						15:00
15:05						15:05
15:10						15:10
15:15			Amaury Martiny: "Build your DApp on a Light Client"			15:15
15:20		COFFEE BREAK				15:20
15:25						15:25
15:30	Dauriel Team: "Tokenized Securities - The future of Capital markets"		Philippe Honigman: "What is Ownership in a DAO? - The Tribute Network Case"	COFFEE BREAK		15:30
15:35						15:35
15:40						15:40
15:45		Hugh Karp: "Legally linked DAO's"				15:45
15:50						15:50
15:55						15:55
16:00			COFFEE BREAK	Tomislav Mamić: "BridgeDAO - a smart contract in the control of the physical world"	COFFEE BREAK	16:00
16:05						16:05
16:10	COFFEE BREAK					16:10
16:15		Niran Babalola: "Slate Governance for Effective Token Votes"				16:15
16:20						16:20
16:25						16:25
16:30			Matan Field: "Holographic consensus, scalable DAO"		Workshop Andrés Junge: "Self Sovereign Identity hands-on"	16:30
16:35		Stefan Mars Lin Feyerabend - Re-engineering holidays by building eCards on smart contracts and IPFS with Radi Cards		Fanny Lakoubay: "What the f**ck is blockchain art?"		16:35
16:40						16:40
16:45						16:45
16:50	Axel Simon: "You Can't Commoditise Trust"	Federico Rocchi: "The evolution of the blockchain's ecosystem"				16:50
16:55						16:55
17:00			Daniel Kronovet: "Decentralized Capital Allocation via Budgeting Boxes"			17:00
17:05				CH Vanessa Grollet: "Panel on luxury and art on blockchain"		17:05
17:10						17:10
17:15						17:15
17:20						17:20
17:25		Antoine Detante: "--Blockchain & privacy: a concrete example with Parity Private Transactions"	James Pitts: "Magicians, Philosophers, and Cat Herders: Self-Organizing in a Decentralized Galaxy"			17:25
17:30	CH Mike Barrow: "Uncorking the wine world: tokenization, transparency and traceability"					17:30
17:35						17:35
17:40						17:40
17:45						17:45
17:50						17:50
17:55	Ricardo J. Mendez: "The Truth Of The Thing"	Adrian Brink: "PoS Validation: Social and Technical Attacks"	Thibault Favre: "Financing decentralized projects with a Continuous DAO"			17:55
18:00						18:00
18:05						18:05
18:10						18:10
18:15						18:15
18:20	Simon de la Rouviere: "The State of Curation Markets"					18:20
18:25						18:25
18:30			Griff Green: "The Path Towards Decentralized Governance & True Sovereignty"			18:30
18:35		Alex Gluchowski: "Solving scalability with Zero Knowledge Proofs"				18:35
18:40						18:40
18:45						18:45
18:50						18:50
18:55						18:55
19:00		Dmitry Besspalov: "State of the iOS application development for Ethereum dapps."	Yalda Mousavinia: "The Seven Principles of Human-Work DAOs"			19:00
19:05						19:05
19:10						19:10
19:15						19:15
19:20						19:20
19:25						19:25
19:30						19:30
19:35						19:35
19:40						19:40
19:45						19:45
19:50						19:50
19:55						19:55
20:00						20:00
20:05						20:05
20:10						20:10
20:15						20:15
20:20						20:20
20:25						20:25
20:30						20:30
20:35						20:35
20:40						20:40
20:45						20:45
20:50						20:50

TBD

CLOSING
