

	EthCC : ETHEREUM COMMUNITY CONFERENCES 2019								
	Scalability	dApps	Crypto Economics	Web 3.0	Zero to Hero	DAO / Governance			
	UX / UI	Ecosystem	Core Ethereum	Decentralized Finance	Security	Dev Tools			
		Gaming	Privacy	Browser & Files					
	Day 1 - Tuesday, March 5th								
	Paul Painlevé	Jean-Baptiste Say	Robert Faure	abbé Grégoire	Jean Fourastié	classroom			
08:30	Registration & Coffee						08:30		
08:35							08:35		
08:40							08:40		
08:45							08:45		
08:50							08:50		
08:55							08:55		
09:00							09:00		
09:05							09:05		
09:10							09:10		
09:15							09:15		
09:20							09:20		
09:25							09:25		
09:30	Lane Rettig : "Ethereum will save the world. Here's how."	Cassius Kiani: "-Initial Design Offering"	Alexandre Cognard: "Discover Arianee Protocol and Live Demo"	Jack Platts: "Introduction - Web3 Track"	Consensys team: "-From Zero To Hero" (English)		09:30		
09:35				Ryan Zomer: "The State of Web3 & Polkadot Governance"			09:35		
09:40							09:40		
09:45							09:45		
09:50							09:50		
09:55							09:55		
10:00	Justin Drake: "Ethereum 2.0—the phase 0 spec"	Itamar Lesuisse: "Enabling frictionless access to Dapps, today"	Vidal Chriqui: "How to build your decentralized booking service (DBS) on top of ERC-808"	François Bouchard: "Substrate made itEasy: how to Build a Domain-Specific, Token-Based Chain"		WORKSHOP Rob Stupay, Yann Levreau, François Guezengar, Nina Breznik, Liana Husikyan, Alexander Praetorius : "Introduction to Remix"--	10:00		
10:05							10:05		
10:10							10:10		
10:15							10:15		
10:20		Louis Millon: "-Hiding the blockchain : mass adoption through use-case focus."	Logan Saether: "-Web3-Enabled Social Networks"				10:20		
10:25							10:25		
10:30							10:30		
10:35							10:35		
10:40		Thibaut Sardan: "Turn your smartphone into a hardware wallet"	Jack Spallone: "Web3 and Music Discovery"	Aidan Hyman: "Moving from sidechains to parachains"			10:40		
10:45							10:45		
10:50							10:50		
10:55							10:55		
11:00	COFFEE BREAK	COFFEE BREAK	COFFEE BREAK				11:00		
11:05							11:05		
11:10							11:10		
11:15	Charles Hamel : "Open your Dapp to 100 million users"	Will Harborne: "-Decentralised Exchanges - Crossing the UX Chasm"	Yaron Velner: "Bringing Liquidity On-chain - Lesson Learned"	Antoine Najjani: "The user experience for Web 3: Challenges and Opportunities"			11:15		
11:20							11:20		
11:25							11:25		
11:30	Evan Van Ness : "-Things I want to see at the app layer"	Jordi Baylina: "IDEN3: Scalable distributed identity infrastructure using zero-knowledge proofs to guarantee privacy."	Griffin Anderson: "Transparency in the blockchain space"	Reto Trüchler: "Kaleidoscope: A Standard Framework for Financial Contracts"		WORKSHOP Clément Lesaege: "Smart Contract Hacking Capture The Flag"	11:30		
11:35							11:35		
11:40							11:40		
11:45	LUNCH BREAK						11:45		
11:50							11:50		
11:55							11:55		
12:00							12:00		
12:05	Pelle Braendgaard: "Building Identity into Layer 1 and Layer 2 through Signed Typed Data"	Olivier Sarrouy: "Pando, a decentralized VCS based on IPFS and Aragon"	Billie Chen	12:05					
12:10				12:10					
12:15				12:15					
12:20	LUNCH BREAK	LUNCH BREAK		12:20					
12:25				12:25					
12:30				12:30					
12:35	Philipp Langhans: "Update from the Mist team"	LUNCH BREAK	LUNCH BREAK		12:35				
12:40					12:40				
12:45					12:45				
12:50	Aya Miyaguchi: "Communication from the Ethereum Foundation"	Craig Williams: "Reducing Mainnet Transactions: A Case Study"	Charles St.Louis: "Developing Full-Scale Platforms on Ethereum"		12:50				
12:55					12:55				
13:00					13:00				
13:05		Mokhtar Bacha: "#SHIPL"	Ivaylo Kirilov: "Ethereum and Java"		LUNCH BREAK		13:05		
13:10							13:10		
13:15							13:15		
13:20							13:20		
13:25							13:25		
13:30							13:30		
13:35					13:35				
13:40					13:40				
13:45					13:45				
13:50							13:50		
13:55							13:55		
14:00							14:00		
14:05				Ivo Georgiev			14:05		
14:10							14:10		

14:15	Vlad Zamfir: "Tech Talk on Scalability"		Qianchen Yu: "Beyond the technology, how about building a legally-compliant DAO?"		WORKSHOP Auryn Macmillan: "What is your reputation worth?"		14:15			
14:20							14:20			
14:25		Pedro Gomes: "-Wallet Standards for Mainstream Adoption"		Mike Godean: "ibp2p: A Modular P2P Networking Stack"			14:25			
14:30			Clement Lesaege: "From Doges to Tokens: Curated list disputes with Kleros"				14:30			
14:35							14:35			
14:40							14:40			
14:45							14:45			
14:50							14:50			
14:55		Piotr Kosiński: "Decentralized automation"					14:55			
15:00			Yoav Weiss: "The Game Theory behind Gas stations network (EIP 1613)"			Erniel van der Horst	WORKSHOP Raphael Mazzet: "A multi-agent TCR simulation tool"	15:00		
15:05								15:05		
15:10								15:10		
15:15	Kevin Owocki: "Mesh Network of Human Beings"			Erniel van der Horst	WORKSHOP Rob Stupay, Yann Levreau, François Guezengar, Nina Breznik, Liana Husikyan, Alexander Praetorius: "Advanced Remix Workshop"		15:15			
15:20							15:20			
15:25		COFFEE BREAK	COFFEE BREAK				15:25			
15:30							15:30			
15:35							15:35			
15:40							15:40			
15:45							15:45			
15:50							15:50			
15:55		COFFEE BREAK					15:55			
16:00		Fabrice Croiseaux: "Ethereum Decentralized Digital Identity Trust Services"	Jacques DeRion: "ERC777: Improved token safety and security"				16:00			
16:05	Eseoghene Mentie: "-What we can learn from ancient decentralised civilisation"		Kendall Cole: "Lessons Learned from the DevRel Community (And How to Apply Them)"	PANEL TALK	WORKSHOP Nick Gheorghita: "EthPM: Smart Contract Package Management"		16:05			
16:10							16:10			
16:15							16:15			
16:20		Thomas Chataigner: "Blockchain: The UX strikes back"					16:20			
16:25							16:25			
16:30							16:30			
16:35							16:35			
16:40							16:40			
16:45							16:45			
16:50		Lisa Chu: "Rebuilding the Internet with Exodus"	WORKSHOP Mo Dong: "Celer SDK: Build Layer-2 Board Games"			WORKSHOP Simona Pop: "Incentivization and community building"	16:50			
16:55	Lukasz Glen: "Pay-as-you-use Golem™"	Austin Griffith: "Meta Transactions and the Burner Wallet"					16:55			
17:00							17:00			
17:05							17:05			
17:10							17:10			
17:15							17:15			
17:20			Anuj Dasgupta: "Exodus: A Protocol for Non-contentious Hard Forks"				17:20			
17:25							17:25			
17:30							17:30			
17:35		John Lilic: "Spectacular Growth Happening Now: Why Ethereum Must Focus on Asia"	Jeremy Longley: "Fate Channels: Lessons learned implementing state channels"		Alan Vey & Annika Monari: "Scalability: Given industry constraints, ..."	WORKSHOP Daniela Osorio: "The Infura Self-Reliance Dojo: Ethereum Nodes Unchained (How To Run Your Own Node)"	17:35			
17:40		Julien Béranger: "DAOs : How to (finally) kickstart adoption?"				17:40				
17:45				Dimitri de Jonge	COFFEE BREAK		17:45			
17:50							17:50			
17:55							17:55			
18:00							18:00			
18:05							18:05			
18:10							18:10			
18:15							18:15			
18:20		Lucian Boca: "Indexed Ethereum Data: Boosting dApp development with Alethio's Core API"	Mary Ratimbasaty: "Tools and Simulation of EIP20 IP"				18:20			
18:25							18:25			
18:30							18:30			
18:35				Jeff Burrows, Oskar Thoren, and Robert Rich: "Viper v2 implementation"			18:35			
18:40							18:40			
18:45		Pavlo Makarov: "DApp Dev Ecosystem & Community"	Julien Bouteloup: "Decentralised Geospatial Layer For Earth Observation"				18:45			
18:50							18:50			
18:55						Jack Pletts: "Conclusion and announcement"	18:55			
19:00							19:00			
19:05							19:05			
19:10							19:10			
19:15							19:15			
19:20							19:20			
19:25	TBD						19:25			
19:30							19:30			
19:35							19:35			
19:40							19:40			
19:45							19:45			
19:50							19:50			
19:55							19:55			
20:00							20:00			
20:05							20:05			
20:10							20:10			
20:15	CLOSING						20:15			
20:20							20:20			
20:25							20:25			
20:30							20:30			
20:35							20:35
